DEADFAST GARAGE & LOFT SMOKE FUMIGATOR

Deadfast Garage & Loft Smoke Fumigator kills flying and crawling insects such as wasps, moths, fleas, houseflies, clusterflies and mosquitos, including hidden ones, in enclosed spaces. It leaves no smell or visible deposits after use.

Treats
Treats wasps in a 32m³ area, flying insects in a 120m³ area, ants and crawling insects in a 7.5m³ area.

Instructions for Use
- For best results fumigate in the late afternoon and leave the building for a minimum of 2 hours.
- Ensure that the area to be treated is as smoke tight as possible by closing all windows and door entrances, etc. Cover water storage tanks before application.
- Remove the plastic lid and place the fumigator on the upturned tin on a stable heat-resistant surface (e.g. a plate on a ½ m square of aluminium foil).
- Light the fuse carefully as it may emit some sparks upon ignition and exit the space.
- Exclude all persons and animals for 12 hours and then ventilate thoroughly.
- For severe infestations fumigate 3 times at 5 to 7 day intervals.

WARNING
Harmful if swallowed.
May cause an allergic skin reaction.
Harmful if inhaled.
Very toxic to aquatic life with long lasting effects.
Use only outdoors or in a well-ventilated area.
